How to use this plan: Do each assignment on its date and check the box when you finish. Take each practice test online in the SmartThink 12-Week SAT® Math Program (35 minutes per module) to get your score and topic breakdown, then watch the video explanations for anything you missed (every section problem has one too). Falling behind? Double up on the next day off rather than skipping a section. Numbers in parentheses are the number of questions. Click any assignment to open it.
